

INFORMED CONSENT FOR IN-PERSON SERVICES DURING COVID-19 PUBLIC HEALTH CRISIS

This document contains important information about our decision (yours and mine) to start/resume in-person services in light of the COVID-19 public health crisis. Please read this carefully and let me know if you have any questions. When you sign this document, it will be an official agreement between us.

Decision to Meet Face-to-Face

We have agreed to meet in person for some or all future sessions. If there is a resurgence of the pandemic or if other health concerns arise, I may require that we meet via telehealth. If you have concerns about meeting through telehealth, we will talk about it first and try to address any issues.

If you decide at any time that you would feel safer staying with, or returning to telehealth services, I will respect that decision, as long as it is feasible and clinically appropriate.

Risks of Opting for In-Person Services

You understand that by coming to the office, you are assuming the risk of exposure to the coronavirus (or other public health risk). This risk may increase if you travel by public transportation, cab, or ridesharing service.

Your Responsibility to Minimize Your Exposure

To obtain services in person, you agree to take certain precautions which will help keep everyone (you, me, and our families as well as other patients) safer from exposure, sickness and possible death. If you do not adhere to these safeguards, it may result in our starting/returning to a telehealth arrangement.

I agree to these actions:

- You will only keep your in-person appointment if you are symptom free.
- If you have symptoms of the coronavirus, you agree to cancel the appointment or proceed using telehealth.
- You will wash your hands or use alcohol-based hand sanitizer when you enter the building.
- If you are bringing your child, you will make sure that your child follows all of these sanitation and distancing protocols.
- You are not required to wear a mask in the waiting room, but you are strongly encouraged.
- You will keep a distance of 6 feet and there will be no physical contact (e.g. no shaking hands) with me.
- You will take steps between appointments to minimize your exposure to COVID.
- If a resident of your home tests positive for the infection, you will immediately let me know and we will then begin/resume treatment via telehealth.

I may change the above precautions if additional local, state or federal orders or guidelines are published. If that happens, we will talk about any necessary changes.

My Commitment to Minimize Exposure

My practice has taken steps to reduce the risk of spreading the coronavirus within the office and we have posted our efforts on our website and in the office. Please let me know if you have questions about these efforts.

If You or I Are Sick

You understand that I am committed to keeping you, me, and all of our families safe from the spread of this virus. If you show up for an appointment and I believe that you have a fever or other symptoms, or believe you have been exposed, I will require you to end the session early. We can follow up with services by telehealth as appropriate.

If I test positive for the coronavirus, I will notify you so that you can take appropriate precautions.

Your Confidentiality in the Case of Infection

If you have tested positive for the coronavirus, I may be required to notify local health authorities that you have been in the office. If I have to report this, I will only provide the minimum information necessary for their data collection and will not go into any details about the reason(s) for our visits. By signing this form, you are agreeing that I may do so without an additional signed release.

Informed Consent

This agreement supplements the general informed consent/business agreement that we agreed to at the start of our work together.

Your signature below shows that you agree to these terms and conditions.
